

STRUCTURAL ENGINEERING - JUNIOR TECHNOLOGIST

Our Company:

Herold Engineering Limited is a Vancouver Island based consulting civil and structural engineering firm with offices in Nanaimo, Ucluelet, and Victoria, BC. We are a dynamic and diverse company with over 60 employees involved in a wide variety of public and private sector building, transportation, marine and civil/municipal infrastructure projects in British Columbia. We are a community based company making a difference by supporting local businesses, charities and organizations.

At Herold, we embrace innovation and technology and are at the cutting edge of BIM technologies.

Employment Opportunity:

Recent growth in our Victoria office has created an exciting opportunity for an enthusiastic and experienced individual in structural engineering to join our company. We are currently looking for a Junior Structural Technologist with a good understanding of AutoCAD/Revit, concrete, steel, masonry and timber framing for our Victoria office.

AutoCAD and/or BIM experience is a benefit but not a necessity. In house BIM training is available to those applicants with the appropriate experience in AutoCAD who wish to develop their BIM skills in Revit.

A competitive salary, excellent work environment and participation in a well-respected, growing consulting firm await the successful candidate.

Roles and Responsibilities:

- Create detailed structural engineering documents for steel, concrete, and timber framed building using Autodesk AutoCAD or Revit.
- Work with architects and engineers to resolve document coordination issues
- Meet deadlines and work efficiently
- Perform construction site reviews
- Use excellent organization and communication skills in all aspects of job performance
- Ability and ambition for continuous improvement and increasing responsibilities

Requirements:

- Diploma in Civil/ Structural/Architectural Technology
- Ability to utilize Autodesk Revit or AutoCAD as the primary documentation tool
- Proficiency with MS Office applications
- Strong technical, written and verbal communication skills
- Excellent people skills and ability to operate as part of a team

Quality of Life:

- Herold Engineering Limited creates a work environment where balance between personal life and work life is highly valued, so that our employees can enjoy the fantastic natural environment that Vancouver Island life has to offer.
- Victoria capital of BC, has a wealth of natural and man-made riches, including stunning heritage architecture, ocean views and mountain vistas. Millions visit our city every year and enjoy the natural beauty, temperate climate and heritage charm Victoria offers its citizens every day.
