

Position:	Junior or Intermediate Structural Technologist (Buildings Group)
Status:	Permanent, Full Time
Location:	Nanaimo, BC

### **Our Company:**

Herold Engineering Limited is a Vancouver Island based consulting civil, structural building envelope, marine and bridge engineering firm with offices in Nanaimo, Ucluelet, and Victoria, BC. We are a dynamic and diverse company with over 70 employees involved in a wide variety of public and private sector building, transportation, marine and civil/municipal infrastructure projects in British Columbia. We are a community-based company making a difference by supporting local businesses, charities and organizations.

At Herold Engineering we believe in a healthy work life balance and we promote growth from within our organization. We are dedicated to our staff and the continuing of professional development.

### **Employment Opportunity:**

Recent growth in our firm has created an exciting opportunity for an enthusiastic and experienced individual to join our company in our Nanaimo office location. We are currently looking for a Junior or Intermediate Structural Technologist with a good understanding of AutoCAD/Revit, concrete, steel, masonry and timber framing.

AutoCAD and/or BIM experience is a benefit but not a necessity. In house BIM training is available to those applicants with the appropriate experience in AutoCAD who wish to develop their BIM skills in Revit.

A competitive salary, excellent work environment and participation in a well-respected, growing consulting firm await the successful candidate.

### **Roles and Responsibilities:**

- Create detailed structural engineering documents for steel, concrete, and timber framed building using Autodesk AutoCAD or Revit.
- Work with architects and engineers to resolve document coordination issues
- Meet deadlines and work efficiently
- Perform construction site reviews
- Use excellent organization and communication skills in all aspects of job performance
- Ability and ambition for continuous improvement and increased responsibilities

### **Requirements:**

- Diploma in Civil/ Structural/Architectural Engineering Technology
- Ability to utilize Autodesk Revit or AutoCAD as the primary documentation tool
- Proficiency with MS Office applications
- Strong technical, written and verbal communication skills
- Excellent people skills and ability to operate as part of a team

**Living on Vancouver Island:**

Herold Engineering Limited creates a work environment where balance between personal life and work life is highly valued, so that our employees can enjoy the fantastic natural environment that Vancouver Island life has to offer.

**Quality of Life Nanaimo:**

- Nanaimo which is located on the east coast of Vancouver Island, 113 km north of Victoria, and 55 km across the Strait of Georgia from Vancouver and is a rapidly growing city. Central location, easy access to the rest of BC, and affordability make Nanaimo the ideal place to live and a perfect location for our head office.

**How to Apply:**

Please send you resume and cover letter in confidence via email or mail to:
